ment** **Back**

*Only at the AIM Center...
Can you find KOOL Classes to help
beat the Summer Sizzle*

Looking to sharpen your sales technique? Find equipment on eBay? Help with getting your products to market quicker? Cheaper? With less problems? The AIM Center has just the class for you.

Since 1993, the professional experts at the AIM Center have been helping manufacturing companies all over the Miami Valley tackle the rigors of process reengineering, provide hands-on employee training and make complex product support requirements a reality.

Industrial Strength eBay

Monday, August 15th 8:30am to 4:30pm
AIM Center/ Sinclair Building 13

Price: \$199 per student, includes materials, lunch and parking.

Got surplus equipment or looking for something hard to find? Sinclair's Lynn Seery is teaching this unique class on how to buy or sell anything using the power of eBay.

Lynn is a Silver Level Seller and an eBay Trading Assistant who can show you how to buy or sell anything from drill presses to

Only at the AIM Center can you find classes to help your business grow!

Sales for the Engineer

Wednesday, August 24th 8:30am to 4:30pm
AIM Center / Sinclair Building 13

Price: \$597 per student, includes materials, lunch and parking.

During this one day class, you will learn how to prevent your customers from shopping your quotes; how to shorten your sales cycle; how to increase profits and much, much more.

Sales instructor Bob Chapman knows the challenges engineers and technical personnel struggle with while making a sale. He can show you how to win sales for your company and make lifelong customers.

***Coming in September
Design for Six Sigma***

***Three Fridays / September 16th,
23rd, and 30th***

Lynn Seery, Instructor,
for Industrial Strength
eBay knows his stuff!

Lynn is a Sinclair Professor, a Silver Level eBay Seller and an eBay Trading Assistant.

Only at the AIM Center... Test Drive the Best!

Itching to take a new machine
for a *spin*?
Have a prototype that needs
to be built?
Want to increase production without
adding more equipment?

The AIM Center's got you covered!

Whether it is equipment, lab or facility space, quality control testing, prototyping and/or short term production, or just to try out a new machine, the AIM Center has it here waiting for you.

Just to name a few of the high precision machines waiting for their test drive:

*Deckel Maho 50
Evolution Machine*

*Agie Classic 2 Wire
EDM Machine*

*Cincinnati Milacron VS
Injection Molding Machine*

*Mitutoyo Bright 504 Coordinate
Measuring Machine*

*G & L 1808-M DCC Coordinate
Measuring Machine*

*Quantum H1410 Horizontal
Machining Center*
